General Information

What is your agreement with us?

You are insured under the group policy shown on the specifications page attached to this certificate. Your application as defined under this certificate is attached and is a part of this certificate. This certificate summarizes the principal provisions of the group policy that affect your life insurance coverage. The provisions summarized in this certificate are subject in every respect to the group policy.

Any statements made in your application as defined in this certificate will, in the absence of fraud, be considered representations and not warranties. Also, any statement made will not be used to void your insurance nor defend against a claim unless the statement is contained in the application attached to your certificate.

This certificate is issued in consideration of your application and the payment of the required premium.

Can this certificate be amended?

Yes. We retain the right to amend this certificate at any time without your consent. Any amendment will be without prejudice to any claim incurred for benefits prior to the date of the amendment.

Who is eligible for insurance?

You are eligible if you:

- (1) are a member of the group and of an eligible class as defined in the group policy; and
- (2) work for the employer for at least the number of hours per week shown as the minimum hours per week requirement on the specifications page attached to this certificate; and*
- (3) have satisfied the waiting period as shown on the specifications page attached to this certificate; and
- (4) meet the actively at work requirement as shown in the section entitled "What is the actively at work requirement?".*

* Items 2 and 4 in the above "Who is eligible for insurance?" section do not apply to Class 5.

Are retired employees eligible for insurance?

If the plan sponsor's plan of insurance, as reflected in the specifications page attached to this certificate, does not specifically provide insurance for retired employees, a retired employee shall not be eligible to become insured, nor have his or her insurance continued. If the plan

sponsor's plan of insurance specifically provides insurance for retired employees, the minimum hours per week and actively at work requirements will not apply to such persons.

What is the actively at work requirement?

To be eligible to become insured or to receive an increase in the amount of insurance, you must be actively at work performing your customary duties at the employer's normal place of business, or at other places the employer's business requires you to travel.

If you are not actively at work on the date coverage would otherwise begin, or on the date an increase in your amount of insurance would otherwise be effective, you will not be eligible for the coverage or increase until you return to active work. However, if the absence is on a non-work day, coverage will not be delayed provided you were actively at work on the work day immediately preceding the non-work day.

Except as otherwise provided for in this certificate, you are eligible to continue to be insured only while you remain actively at work.

When does insurance become effective?

Insurance becomes effective on the date that all of the following conditions have been met:

- (1) you meet all eligibility requirements; and
- (2) if required, you apply for the insurance on forms which are approved by us; and
- (3) we are satisfied with your evidence of insurability, if we require evidence; and
- (4) we receive the required premium.

Can your coverage be continued during sickness, injury, leave of absence or temporary layoff?

Yes. The employer may continue your noncontributory insurance when you are absent from work due to sickness, injury, leave of absence, or temporary layoff.

Continuation of your insurance is subject to certain time limits and conditions as stated in the group policy. If you stop active work for any reason, you should discuss with the employer what arrangements may be made to continue your insurance.

Premiums

When and how often are your premium contributions due?

Unless the plan sponsor and we have agreed to some other premium payment procedure, any premium contributions you are required to make for contributory insurance are to be paid by you to the plan sponsor on a monthly basis. We apply premiums consecutively to keep the insurance in force.

How is the premium determined?

The premium will be the premium rate multiplied by the number of \$1,000 units of insurance in force on the date premiums are due. The premium may also be computed by any other method on which the plan sponsor and we agree.

We may change the premium rate:

- (1) on any premium due date following the expiration of any rate guarantee period; or
- (2) anytime, if the policy terms are amended or the total amount of insurance in force changes by 15% or more.

Death Benefit

What is the amount of the death benefit?

The amount of the death benefit is the amount of insurance shown on the specifications page attached to this certificate.

Can you request a change in the amount of your contributory insurance?

Yes. If the plan sponsor's plan of insurance, as reflected in the specifications page attached to the group policy, allows for a choice of amounts of insurance for your class, you can request an increase or a decrease in the amount of your contributory insurance within the limitations of the plan sponsor's plan of insurance, including any limitations on when and how often such requests may be made. All requests must be made in writing.

If you request an increase in the amount of your contributory insurance, we will require evidence of insurability. If you request a decrease in the amount of your contributory insurance, we will grant the request.

When will changes in your coverage amount be effective?

Requested increases in the amount of your contributory insurance, if approved, are effective on the date we approve the increase. Requested decreases in the amount of your contributory insurance are effective on the first day of the month following our receipt of your request for a decrease.

Increases and decreases in insurance amounts which result from a change in your eligible class or earnings will be effective as shown on the specifications page attached to this certificate.

All increases in the amount of insurance are subject to the actively at work requirement.

When will the death benefit be payable?

We will pay the death benefit upon receipt at our home office of written proof satisfactory to us that you died while insured under this certificate. All payments by us are payable from our home office.

The death benefit will be paid in a single sum or by any other method agreeable to us and the beneficiary. We will pay interest on the death benefit from the date of your death until the date of payment. Interest will be at an annual rate determined by us, but never less than 4% per year compounded annually, or the minimum required by state law, whichever is greater.

Payment of the death benefit will extinguish our liability under the certificate for which the death benefit has been paid.

To whom will we pay the death benefit?

We will pay the death benefit to the beneficiary or beneficiaries. A beneficiary is named by you to receive the death benefit to be paid at your death. You may name one or more beneficiaries. You cannot name the policyholder, plan sponsor or an associated company of the plan sponsor as a beneficiary.

You may also choose to name a beneficiary that you cannot change without the beneficiary's consent. This is called an irrevocable beneficiary.

If there is more than one beneficiary, each will receive an equal share, unless you have requested another method in writing. To receive the death benefit, a beneficiary must be living on the date of your death. In the event a beneficiary is not living on the date of your death, that beneficiary's portion of the death benefit shall be equally distributed to the remaining surviving beneficiaries. In the event of the simultaneous deaths of you and a beneficiary, the death benefit will be paid as if you survived the beneficiary.

If there is no eligible beneficiary, or if you do not name one, we will pay the death benefit to:

- (1) your lawful spouse, if living, otherwise;
- (2) your natural or legally adopted child (children) in equal shares, if living, otherwise;
- (3) your parents in equal shares, if living, otherwise;
- (4) the personal representative of your estate.

Can you add or change beneficiaries?

Yes. You can add or change beneficiaries if all of the following are true:

- (1) your coverage is in force; and
- (2) we have written consent of all irrevocable beneficiaries; and
- (3) you have not assigned the ownership of your insurance.

A request to add or change a beneficiary must be made in writing. All requests are subject to our approval. A change will take effect as of the date it is signed, but will not affect any payment we make or action we take before receiving your notice.

Termination

When does your coverage terminate?

Your coverage ends on the earliest of the following:

- (1) the date the group policy ends; or
- (2) the date you no longer meet the eligibility requirements; or
- (3) the date the group policy is amended so you are no longer eligible; or
- (4) 31 days (the grace period) after the due date of any premium contribution which is not paid; or
- (5) the last day for which premium contributions have been paid following your written request to cease participation under this certificate.

If your coverage under the group policy terminates due to non-payment of premiums, your coverage may be reinstated if all premiums due are paid and received by us within 31 days of the date of termination and during your lifetime.

Can your insurance be reinstated after termination?

Yes. When your coverage terminates because you are no longer eligible, and you become eligible again within three months after the date your coverage under this certificate terminated, your coverage may be reinstated.

Provided you are not then covered by an individual policy issued under the terms of the conversion right section, your coverage under the group policy shall be reinstated automatically, without evidence of insurability or satisfaction of any waiting period. Your amount of insurance will be that which applies to the classification to which you then belong, on the date you again become eligible. If the plan sponsor's plan of insurance provides for contributory insurance under the group policy, your amount of contributory insurance will be limited to that for which you were insured immediately prior to the loss of coverage.

When does the group policy terminate?

The plan sponsor may terminate its participation under the group policy by giving us 31 days prior written notice. We reserve the right to terminate the group policy on the earliest of the following to occur:

- (1) 31 days (the grace period) after the due date of any premiums which are not paid; or
- (2) on any subsequent policy anniversary after the date the number of employees insured is less than any minimum established by us or as required by applicable state law; or
- (3) 31 days after we provide the policyholder with notice of our intent to terminate the group policy.

We may terminate a plan sponsor's participation under the group policy by giving the plan sponsor 31 days prior written notice.

Conversion Right

What is the conversion right?

You may convert this insurance to a new individual life insurance policy if all or part of your life insurance under the group policy terminates.

You may convert up to the full amount of terminated insurance if termination occurs because you move from one existing eligible class to another, or you are no longer in an eligible class.

What is the limited conversion right?

Limited conversion is available if, after you have been insured for at least five years, insurance is terminated because:

- (1) the group policy is terminated; or
- (2) the group policy is changed to reduce or terminate your insurance.

You may convert up to the full amount of terminated insurance, but not more than the maximum. The maximum is the lesser of:

- (a) \$10,000; and
- (b) the amount of life insurance which terminated minus any amount of group life insurance for which you become eligible under any group policy issued or reinstated by us or any other carrier within 31 days of the date your insurance terminated under the group policy.

Neither the conversion right nor the limited conversion right is available if your coverage under the group policy terminates due to failure to make, when due, required premium contributions.

Under both the conversion right and the limited conversion right, you may convert your insurance to any type of individual policy of life insurance then customarily issued by us for purposes of conversion, except term insurance. The individual policy will not include any supplemental benefits, including, but not limited to, any disability benefits, accidental death and dismemberment benefits, or accelerated benefits.

How do you convert your insurance?

You convert your insurance by applying for an individual policy and paying the first premium within 31 days after your group insurance terminates. No evidence of insurability will be required.

How is the premium for the individual policy determined?

We base the premium for the individual policy on the plan of insurance, your age, and the class of risk to which you belong on the date of the conversion.

When is the individual policy effective?

The individual policy takes effect 31 days after the group insurance provided under the group policy terminates.

What happens if you die during the 31-day period allowed for conversion?

If you die during the 31-day period allowed for conversion, we will pay a death benefit regardless of whether or not an application for coverage under an individual policy has been submitted. The death benefit will be the amount of insurance you would have been eligible to convert under the terms of the conversion right section.

We will return any premium you paid for an individual policy to your beneficiary named under the group policy. In no event will we be liable under both the group policy and the individual policy.

Additional Information

What if your age has been misstated?

If your age has been misstated, the death benefit payable will be that amount to which you are entitled based on your correct age. A premium adjustment will be made so that the actual premium required at your correct age is paid.

Is there a suicide exclusion?

The specifications page attached to this certificate indicates what insurance, if any, is subject to the suicide exclusion outlined below.

When applicable, this suicide exclusion limits our liability to an amount equal to the premiums paid if you, whether sane or insane, die by suicide within two years of the effective date of your insurance.

If there has been an increase in your amount of insurance for which you were required to apply or for which we required evidence of insurability, and if you die by suicide within two years of the effective date of the increase, our liability with respect to that increase will be limited to the premiums paid and attributable to such increase.

When does your insurance become incontestable?

Except for fraud or the non-payment of premiums, after your insurance has been in force during your lifetime for two years from the effective date of your coverage, we cannot contest your coverage. However, if there has been an increase in the amount of insurance for which you were required to apply or for which we required evidence of insurability, then, to the extent of the increase, any loss which occurs within two years of the effective date of the increase will be contestable.

Any statements you make in your application as defined under this certificate will, in the absence of fraud, be considered representations and not warranties. Also, any statement you make will not be used to void your insurance, nor defend against a claim, unless the statement is contained in the application attached to your certificate.

Can your insurance be assigned?

Yes. However, we will not be bound by an assignment of the certificate or of any interest in it unless it is made as a written instrument, and you file the original instrument or a certified copy with us at our home office, and we send you an acknowledged copy.

We are not responsible for the validity of any assignment. You are responsible for ensuring that the assignment is legal in your state and that it accomplishes your intended goals. If a claim is based on an assignment, we may require proof of interest of the claimant. A valid assignment will take precedence over any claim of a beneficiary.

Is the plan sponsor required to maintain records?

Yes. The plan sponsor is required to maintain adequate records of any information necessary for us to administer this certificate. We own the records relating to the insurance provided by this certificate, and can obtain them from the plan sponsor at any reasonable time.

If a clerical error is made in keeping records on the insurance under the group policy, it will not affect otherwise valid insurance. A clerical error does not continue insurance which is otherwise stopped. If an error causes a change in premium payment, we will make a fair adjustment.

Will the provisions of this certificate conform with state law?

Yes. If any provision in this certificate, or in the provisions of the group policy, is in conflict with the laws of the state governing the certificates or the group policy, the provision will be deemed to be amended to conform to such laws.

- (5) the dependent is insured by an individual policy issued under the terms of the conversion right of this supplement.

Insurance on a dependent becomes effective on the date when all of the following conditions have been met:

- (1) the dependent meets all eligibility requirements; and
- (2) if required, you apply for dependents coverage on forms which are approved by us; and
- (3) we are satisfied with the dependent's evidence of insurability, if we require evidence; and

Conversion may be requested by you, an insured dependent of legal capacity, or the insured dependent's guardian, if applicable. All other conditions and provisions of the conversion right section of your certificate to which this supplement is attached will apply.

Do any Waiver of Premium, Extended Benefits, or Total and Permanent Disability supplements to your certificate apply to insured dependents?

Any Waiver of Premium, Extended Benefits, or Total and Permanent Disability supplement to your certificate will not apply to dependents covered under this supplement except as provided for herein.

If, due to your disability, your insurance is continued in force without further payment of premiums due to any Waiver of Premium, Extended Benefits, or Total and Permanent Disability supplement to your certificate, any dependents insurance provided by this supplement shall also continue in force without further payment of premiums until the dependent's eligibility terminates or until your insurance is no longer continued in force due to any such supplement to your certificate.

This provision is not applicable if the dependent's insurance has been converted under the conversion right section of this supplement, unless the converted policy is surrendered without claim except for refund of premiums.

You may also continue coverage under all supplements to your certificate which apply to non-contributory and contributory insurance and by which you were insured immediately preceding your portability date.

The amount of insurance continued under this supplement for any individual will be subject to any applicable state law or regulation relating to allowable amounts of insurance.

Accidental Death and Dismemberment Benefit

What does accidental death or dismemberment by accidental injury mean?

Accidental death or dismemberment by accidental injury as used in this supplement means that the insured's death or dismemberment results, directly and independently of all other causes, from an accidental injury which is unintended, unexpected, and unforeseen.

The injury must occur while the insured's coverage under

this rider is in force. The injury must be sustained under the circumstances of the Description(s) of Hazards that apply to the insured. The insured's death or dismemberment must occur within 365 days after the date of the injury and while his or her coverage under this supplement is in force.

What is the amount of the accidental death and dismemberment benefit?

The amount of the insured's benefit shall be a percentage of the amount of insurance shown on the specifications page attached to the certificate. The percentage is determined by the type of loss as shown in the following table:

<u>TYPE OF LOSS</u>	<u>PERCENT OF AMOUNT OF INSURANCE</u>
Life	100%
Both Hands or Both Feet	100%
Sight of Both Eyes	100%
Speech and hearing in both ears	100%
One Hand and One Foot	100%
One Foot and Sight of One Eye	100%

Loss of thumb and index finger means complete severance of both the thumb and the index finger at or above the metacarpophalangeal joints.

A benefit is not payable for both the loss of a Thumb and Index Finger of One Hand and loss of One Hand for injury to the same hand as the result of any one accident

If an insured suffers one or more losses from the same accident for which amounts are payable under the accidental death or dismemberment benefits provided by this rider, the amount payable under all of these benefits combined will not exceed the amount payable for the one of those losses that provides the largest benefit.

Benefits are also subject to the Aggregate Limit of Indemnity as detailed in the specifications page attached to the group policy.

When will the accidental death and dismemberment benefit be payable?

We will pay the accidental death and dismemberment benefit upon receipt at our home office of written proof satisfactory to us that the insured died or suffered dismemberment as a result of an accidental injury meeting the requirements of the applicable Description(s) of Hazards. All payments by us are payable from our home office.

The benefit will be paid in a single sum. We will pay interest on the benefit from the date of the insured's death or dismemberment until the date of payment. Interest will be at an annual rate determined by us, but never less than 4% per year compounded annually or the minimum required by state law, whichever is greater.

To whom do we pay the benefit?

We pay the insured's death benefit to the person or persons entitled to receive a death benefit under the terms of the group policy.

Benefits for loss other than death shall be payable to the insured, if living, otherwise to his or her estate.

Descriptions of Hazards

What are the Descriptions of Hazards?

The descriptions of hazards explains the circumstances under which a loss due to an accidental injury will be eligible for a payment under this supplement.

I. All Conveyance Coverage

This Description of Hazards covers injury resulting from accident which occurs anywhere in the world during a trip while the insured person is:

- (1) a passenger or operator on, boarding or alighting from a land or water conveyance;

- (3) being struck by any of the above.

In addition to all other exclusions in the General Exclusions section of this supplement, the circumstances described in this hazard are deemed to exclude injury resulting from an accident which occurs while the insured person is on, boarding or alighting from:

- (2) an aircraft engaged in an Extra Hazardous Aviation Activity;
- (3) a plan sponsor aircraft; or

The exclusion for loss resulting from war or act of war, whether declared or undeclared is deleted in its entirety and is replaced with the following:

- (9) war or act of war, whether declared or undeclared in the U.S. or Canada; or

Additional Benefits

Exposure and Disappearance Benefit

What is the exposure and disappearance benefit?

If by reason of a covered accident an insured is unavoidably exposed to the elements and as the result of such exposure suffers a loss that is included in the list of covered losses, such loss will be covered under the terms of this supplement.

If an insured's body has not been found after one year from the date the vehicle in which he or she was traveling disappeared, sank, became stranded, made a forced landing or was wrecked, it shall be presumed, subject to all other terms of this supplement, that the insured has died resulting from an accidental injury which was unintended, unexpected and unforeseen.

Reasonable Accommodation Benefit

What is the reasonable accommodation benefit?

If an insured suffers a loss for which a benefit is payable under this supplement as a result of a covered accident, we will reimburse the plan sponsor for the costs incurred for work site changes required in returning the insured to work. We will reimburse the plan sponsor for the cost of pre-approved changes made to the work site for the insured up to the maximum of \$2,000 per accident.

Reimbursement to the insured's plan sponsor for the cost of changes to the work site is subject to the following conditions:

- (1) this insurance must be in force for the insured on the date the accident occurs; and
- (2) changes to the work site must be made within 12 months of the date of the accident; and
- (3) there is a reasonable expectation that changes to the work site will result in the insured being able to return to work; and
- (4) we approve in writing the changes to the work site before implementation.

Benefits are not payable if there is no cost involved in making the changes to the work site or the change to the work site does not meet the standards found in Title I, The American with Disabilities Act (ADA).

Changes to the work site means:

- (1) making existing facilities used by the insured readily accessible to and usable by the insured after an injury;
- (2) acquisition or modification of equipment or devices, the provision of qualified readers or interpreters, and other similar structural accommodations for individuals with disabilities resulting from a covered injury.

Rehabilitation Benefit

What is the rehabilitation benefit?

If an insured suffers an injury which results in a covered dismemberment, we will pay an additional benefit for rehabilitative training. The benefit will be equal to the lesser of:

- (1) the expense incurred for rehabilitative training;
- (2) 20% of the insured's amount of insurance; or
- (3) \$10,000

for rehabilitative training.

Rehabilitative training means any training which:

- (1) is required due to the injury; and
- (2) prepares the insured for an occupation in which he or she would have engaged except for the injury.

Expense incurred means the actual cost:

- (1) of the training; and
- (2) the materials needed for the training.

Safe Driving Benefit

What is the safe driving benefit?

If an insured suffers a covered loss under the policy, we will pay an additional benefit of the lesser of 10% of the insured's benefit payable due to the loss, or \$10,000, if at the time of the accident, the insured was driving or riding in

a vehicle whose driver was neither intoxicated nor under the influence of drugs unless taken as prescribed by a physician and either:

- (1) wearing a properly fastened seat belt; or
- (2) driving a vehicle with a driver-side air bag or riding as a passenger in a seat protected by a passenger-side air bag.

As part of the written proof of loss, we will require one of the following, as applicable:

- (1) due proof of seat belt use;
- (2) due proof that the vehicle was properly equipped with a driver and/or passenger-side air bag, as applicable, which was installed and warranted by the factory or dealer. However, a claim will not be denied if the air bag malfunctions.

Intoxication and being under the influence of drugs is as defined by the jurisdiction in which the accident occurs.

Air bag means the passive restraint device in a vehicle which inflates upon collision to protect the individual from injury and death.

Seat Belt means those belts that form a restraint system in a vehicle. This includes infant and child restraint systems when properly used with a seat belt.

Automobile means a self-propelled private passenger motor vehicle with four or more wheels which is a type both designed and required to be licensed for use on the highways of any state or country. Automobile includes, but is not limited to a sedan, station wagon, or jeep type vehicle and a motor vehicle of the pickup, panel, van, camper or motor home type. Automobile does not include a mobile home or any motor vehicle which is used in mass or public transit.

Accelerated Benefits Certificate Supplement

MINNESOTA LIFE

Minnesota Life Insurance Company - A Securian Company
400 Robert Street North • St. Paul, Minnesota 55101-2098

Benefits received under this Accelerated Benefits Certificate Supplement may be taxable. You should seek assistance from a personal tax advisor prior to requesting an accelerated payment of death benefits.

General Information

This certificate supplement is subject to every term, condition, exclusion, limitation, and provision of your certificate unless otherwise expressly provided for herein.

What does this supplement provide?

This supplement provides for the accelerated payment of either the full or a partial amount of an insured's death benefit provided under your certificate. If an insured has a terminal condition as defined in this supplement, you may request an accelerated payment of the applicable death benefit.

Definitions

accelerated benefit

The amount of the death benefit we will pay if the insured is eligible under this supplement.

death benefit

The amount of the insured's life insurance as shown on the specifications page attached to your certificate.

immediate family

Your spouse, children, parents, grandparents, grandchildren, brothers and sisters, and their spouses.

insured

For purposes of this supplement, an insured employee, an insured spouse, or an insured dependent child.

physician

An individual who is licensed to practice medicine or treat illness in the state in which treatment is received. This does not include you or a member of your immediate family.

Terminal Condition

What is a terminal condition?

A terminal condition is a condition caused by sickness or accident which directly results in a life expectancy of twelve months or less.

What evidence do we require of the insured's terminal condition?

We must be given evidence that satisfies us that the insured's life expectancy, because of sickness or accident, is twelve months or less. That evidence must include certification by a physician.

Do we have the right to obtain independent medical verification?

Yes. We retain the right to have the insured medically examined at our own expense to verify the insured's medical condition. We may do this as often as reasonably required while accelerated benefits are being considered or paid.

Payment of Accelerated Benefit

How do we calculate the accelerated benefit?

We will multiply the death benefit by the accelerated benefit factor to determine the accelerated benefit available.

How do we calculate the accelerated benefit factor?

The accelerated benefit factor will be stated as a percentage of the insured's death benefit. When we calculate this factor, we will consider the insured's age and gender.

We will also base our calculation on certain assumptions, which we may change from time to time, including but not limited to assumptions about:

- (1) expected future premiums; and
- (2) the insured's life expectancy.

What are the conditions for the payment of an accelerated benefit?

We will consider the payment of an accelerated benefit, subject to all of the following conditions:

- (1) coverage must be in force and all premiums due must be fully paid; and
- (2) application must be made in writing and in a form which is satisfactory to us. We will tell you what form is required; and
- (3) you must be the sole owner of the certificate; and
- (4) the insured's insurance must not have an irrevocable beneficiary.

Who may request an accelerated payment of the death benefit?

You may request an accelerated payment of the insurance on your life or on the life of a spouse or dependent child insured under your certificate.

Is the request for an accelerated benefit voluntary?

Yes. An accelerated benefit will be made available on a voluntary basis only. An accelerated benefit under this supplement is not intended to cause an involuntary reduction of the death benefit ultimately payable to the named beneficiary. Therefore, payment of the death benefit cannot be accelerated under this supplement if the insured:

- (1) is required by law to use this option to meet the claims of creditors, whether in bankruptcy or otherwise; or
- (2) is required by a government agency to use this option in order to apply for, obtain, or keep a government benefit or entitlement.

Is there a minimum or maximum death benefit eligible for an accelerated benefit?

Yes. The minimum death benefit to be eligible for an accelerated benefit under this supplement is \$10,000. The maximum death benefit to be eligible for an accelerated benefit is two times the insured's annual compensation.

Do you have to take the entire accelerated benefit?

No. You may choose to receive a partial accelerated benefit. If you do so, the insured's remaining coverage will stay in force.

If you elect to receive only a partial accelerated benefit amount available under this supplement, the insured's remaining death benefit under the certificate must be at least \$25,000.

You may reapply for the payment of the remaining amount of insurance at any time. However, we may ask for further satisfactory evidence that the insured meets all requirements for the accelerated benefit.

What is the effect on an insured's coverage of the receipt of an accelerated benefit?

If you elect to accelerate the full amount of an insured's death benefit, the insured's coverage and all other

benefits under the certificate and any certificate supplements for that insured will end. If such termination causes a certificate holder's covered spouse or dependent children to lose coverage, each of them will be allowed to convert any such insurance to a policy of individual life insurance according to the conversion right section of the certificate to which this supplement is attached.

If a partial accelerated benefit is chosen, coverage will remain in force and premiums will be reduced accordingly. The remaining amount of insurance under your certificate will be the full amount of insurance minus the amount of insurance that was accelerated.

How will we pay the accelerated benefit?

We will pay the accelerated benefit in one lump sum or in any other mutually agreeable manner.

To whom will we pay accelerated benefits?

All accelerated benefits will be paid to you unless you validly assign them otherwise. If you die before all payments have been made, we will pay the remainder to the beneficiary named under this certificate. Payment will be made in one lump sum which will be the present value of the payments that remain, using the interest rate we use to determine the payments.

Termination

When does an insured's coverage under this supplement terminate?

An insured's coverage ends on the date the insured is no longer covered for life insurance under the group policy.

When does this supplement terminate?

This supplement will terminate on the earlier of:

- (1) the date we receive a written request from the plan sponsor to cancel the Accelerated Benefits Policy Rider; or
- (2) the date the group policy is terminated.

NOTICE OF PROTECTION PROVIDED BY ILLINOIS LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION

This Notice provides a **brief summary** description of the Illinois Life and Health Insurance Guaranty Association (“the Association”) and the protection it provides for policyholders. This safety net was created under Illinois law, which determines who and what is covered and the amounts of coverage.

The Association was established to provide protection in the unlikely event that your member life, annuity or health insurance company becomes financially unable to meet its obligations and is taken over by its Insurance Department. If this should happen, the Association will typically arrange to continue coverage and pay claims, in accordance with Illinois law, with funding from assessments paid by other insurance companies.

The basic protections provided by the Association per insolvency are:

Life Insurance

- \$300,000 in death benefits
- \$100,000 in cash surrender or withdrawal values

Health Insurance

- \$500,000 in hospital, medical and surgical insurance benefits*
- \$300,000 in disability insurance benefits
- \$300,000 in long-term care insurance benefits
- \$100,000 in other types of health insurance benefits

Annuities

- \$250,000 in withdrawal and cash values

*The maximum amount of protection for each individual, regardless of the number of policies or contracts, is \$300,000, except special rules apply with regard to hospital, medical and surgical insurance benefits for which the maximum amount of protection is \$500,000.

NOTE: Certain policies and contracts may not be covered or fully covered. For example, coverage does not extend to any portion(s) of a policy or contract that the insurer does not guarantee, such as certain investment additions to the account value of a variable life insurance policy or a variable annuity contract. There are also residency requirements and other limitations under Illinois law.

To learn more about the above protections, as well as protections relating to group contracts or retirement plans, please visit the Association’s website at www.ilhiga.org, or contact:

Insurance companies and agents are not allowed by Illinois law to use the existence of the Association or its coverage to encourage you to purchase any form of insurance. When selecting an insurance company, you should not rely on Association coverage. If there is any inconsistency between this notice and Illinois law, then Illinois law will control.
